# Carolyn Santana

## 👤 About Me

I'm a Second-year Mobile Application and Technology student at BINUS University, combining design and development to create user-centered mobile solutions. Passionate about education and community, with experience in mentoring, tutoring, and organizing collaborative initiatives. Eager to grow, share knowledge, and contribute to supportive learning environments.

## 💼 Experience

**SASC Senior Mentor**
*SASC BINUS University*                 Sep 2024 - present
- Served as a Senior Scholarship Mentor during the 2024/2025 academic year, guiding a total of 10 mentees from various academic levels through tutoring sessions, and resource sharing.
- Provided mentorship to new mentors and demonstrated strong leadership, empathy, and commitment to peer development

**Freshmen Partner**
*BINUS University*                 Sep 2024 - May 2025
- Supported Artificial Intelligence freshmen (BINUSIAN 2028) across two semesters with academic and non-academic guidance.
- Supported completion of milestone programs, including a community service initiative and collaborative project.

**Staff of Event Division at Festival Fundraiser**
*Teach for Indonesia Student Community*        Jun 2024 - Dec 2024
- Contributed to the creation and structuring of the event rundown to ensure smooth and well-paced program flow.
- Served as the timekeeper to track and manage agenda timing.

**Staff of Registration Division at Welcoming Party**
*Teach for Indonesia Student Community*        Jul 2024 - Nov 2024
- Managed end-to-end registration as part of the Registration Division team to ensure seamless sign-ups from 800+ participants.
- Created and distributed broadcast messages to keep participants informed.

**Freshmen Leader**
*BINUS University*                 July 2024 - Sep 2024
- Worked alongside six other freshmen leaders in coordinating 60+ freshmen during the Orientation and Transition Program

**iOS Foundation Cohort 19**
*Apple Developer Academy @BINUS*          Jun 2023 - Jul 2023

Completed the iOS Foundation Program, collaborating with a team to develop AidBuddy, a first-aid app for outdoor enthusiasts, leading UI design and developing the functional iOS app using Swift and SwiftUI.

## 👥 Volunteering

**Activist of Community Program : Education**
*Teach for Indonesia Student Community*        Mar 2024 - Feb 2025
- Taught Mathematics to 6th graders (even 2023/2024) and English to 1st graders (odd 2024/2025) through weekly teaching sessions, collaborating with volunteers to enhance learning.

## 🎓 Education

**BINUS University**                 2023 - present
*Mobile Application and Technology*
GPA : 3.88

**SMA Santa Ursula Jakarta**               2020 - 2023
*MIPA*
Final score : 91.15
