Carolyn Santana

About Me

I'm a third-year Mobile Application and Technology student at BINUS University, combining design and development to create user-centered mobile solutions. Passionate about education and community, with experience in mentoring, tutoring, and organizing collaborative initiatives. Eager to grow, share knowledge, and contribute to supportive learning environments.

Experience

Author & Presenter at ICOBAR-SMART 2026
BINUS University — Sep 2025 - Jan 2026

- Authored and presented a research paper titled "From Sign-Up to Cancellation: A Quantitative Comparative Study of Dark Patterns in Spotify and Netflix."

SASC Senior Mentor
SASC BINUS University — Sep 2024 - Jan 2026

- Served as a Senior Scholarship Mentor during the 2024/2025 academic year, guiding a total of 10 mentees from various academic levels through tutoring sessions, and resource sharing.
- Provided mentorship to new mentors and demonstrated strong leadership, empathy, and commitment to peer development

Freshmen Partner
BINUS University — Sep 2024 - May 2025

- Supported Artificial Intelligence freshmen (BINUSIAN 2028) across two semesters with academic and non-academic guidance.
- Supported completion of milestone programs, including a community service initiative and collaborative project.

Staff of Event Division at Festival Fundraiser
Teach for Indonesia Student Community — Jun 2024 - Dec 2024

- Contributed to the creation and structuring of the event rundown to ensure smooth and well-paced program flow.
- Served as the timekeeper to track and manage agenda timing.

Staff of Registration Division at Welcoming Party
Teach for Indonesia Student Community — Jul 2024 - Nov 2024

- Managed end-to-end registration as part of the Registration Division team to ensure seamless sign-ups from 800+ participants.
- Created and distributed broadcast messages to keep participants informed.

Freshmen Leader
BINUS University — July 2024 - Sep 2024

- Worked alongside six other freshmen leaders in coordinating 60+ freshmen during the Orientation and Transition Program

iOS Foundation Cohort 19
Apple Developer Academy @BINUS — Jun 2023 - Jul 2023

- Completed the iOS Foundation Program, collaborating with a team to develop AidBuddy, a first-aid app for outdoor enthusiasts, leading UI design and developing the functional iOS app using Swift and SwiftUI.

Volunteering

Activist of Community Program : Education
Teach for Indonesia Student Community — Mar 2024 - Feb 2025

- Taught Mathematics to 6th graders (even 2023/2024) and English to 1st graders (odd 2024/2025) through weekly teaching sessions, collaborating with volunteers to enhance learning.
